

How to Make Mac 'n' Cheese

By Brenden Cashen

Items Needed

- Decent Size Pot
- A Box of Kraft Mac 'n' Cheese
- Stove
- Water
- Butter or Margarine
- Milk
- Bowl
- Spoon or fork

Step 1

- Fill the pot with 6 cups of water
- Place the pot on the stove
- Heat the water until it is boiling

Step 2

- Once the water is boiling dump the box of noodles in
- Continuously stir
- Periodically check the noodles until they are tender

Step 3

- When the noodles are cooked drain the water
- Drain it with a strainer
- Or drain it by using the cover and pouring it

Step 4

- Add the butter
- Add the milk
- Stir until the consistency is the same throughout

Step 5

- Dish out the Mac 'n' Cheese
- Use your fork or spoon
- And most importantly.....

Enjoy!
